

Square Pole Range

Square SHS lighting poles are a practical but decorative, base plate mounted pole, hot dip galvanized after fabrication and can be powder coated or painted in the colour you require. These can be used in a variety of scenarios including carparks, pathways, parks, and schools. Standard pole heights are 3.0m – 12.0m depending on customer's requirements. Every product supplied by GM Poles is designed and certified by an Australian Registered Engineer.

GM Poles also offers:

- Foundation Cages/Bolts
- Engineer certified foundation design
- Soil Testing
- Installation of footing
- Erection of pole
